

Advocating for a world with #NOhep

World Hepatitis
Alliance

WHA

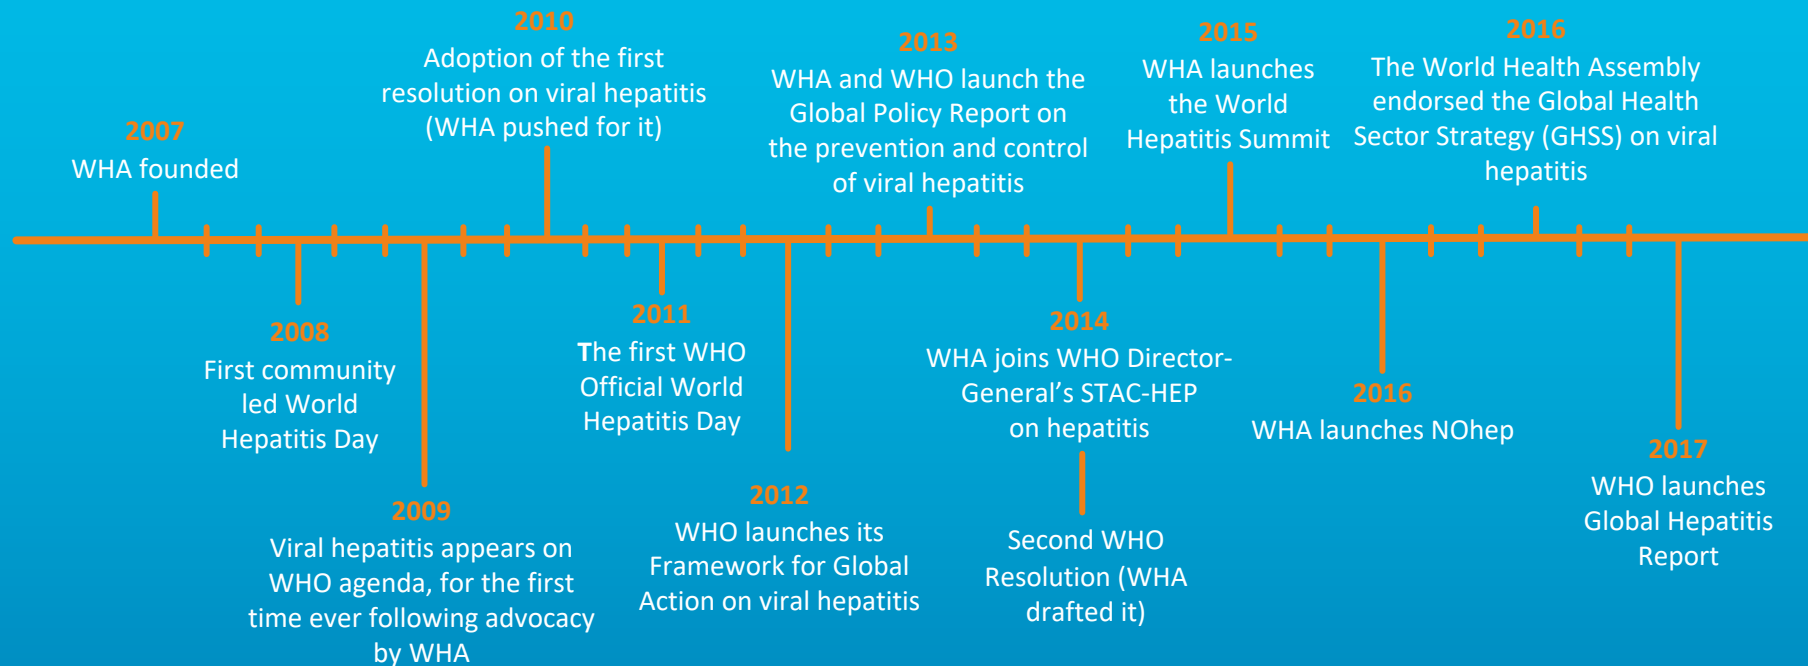

258 members

86 countries

Our first 10 years

Eliminating viral hepatitis by 2030

194

countries on board but

only

9

on track to reach the 2030 goal

Why advocacy?

We have the political commitment, we now need to ensure implementation for

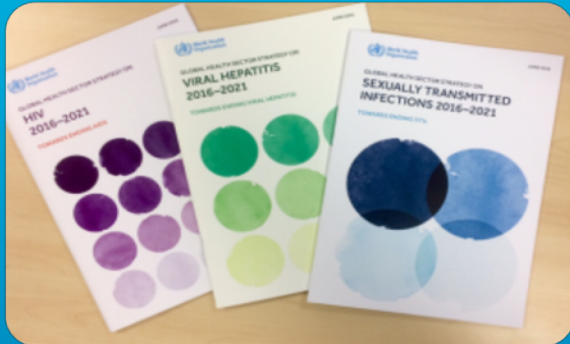

MAKING ELIMINATION A REALITY

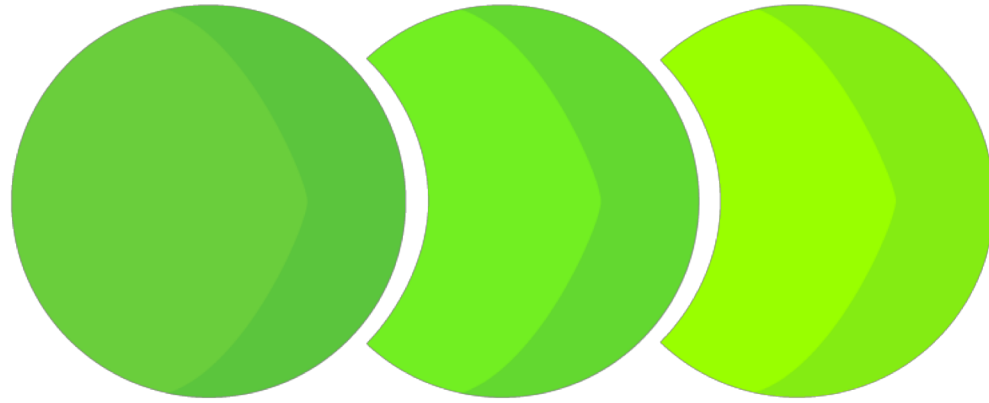

2015

- Combatting hepatitis goal as part of SDG 3.3

2016

- Elimination of hepatitis as a public health threat by 2030 and in the context of the Universal Health Coverage

Nohep

**A global movement to eliminate viral
hepatitis by 2030**

#NOhep

www.NOhep.org

What is NOhep?

- A global awareness raising and advocacy movement
- Pioneered by the World Hepatitis Alliance in 2016 as a civil society response to WHO's Viral Hepatitis Strategy
- Now an multi-stakeholder platform led by WHO, CDC, CEVHAP, ELPA & WHA

Goal of 
NOhep

To become the brand for hepatitis, similar to how the red ribbon is used for HIV/AIDS

What does NOhep do?

- **Unifies** patients, healthcare professionals and policymakers around one common purpose
- **Supports governments and medical professionals** to drive action to eliminate viral hepatitis
- **Inspires people to speak out** and tell powerful stories of the impact of viral hepatitis
- **Mobilises supporters** across the globe
- **Campaigns** for a world where people have access to life saving interventions and do not suffer discrimination

Highlights to date

- Sign-ups from over 130 countries
- #NOhep has reached more than 90 million people online
- Over 300 NOhep Medical Visionaries
- 6 Government Visionaries

NOhep Advocacy Toolkit

An interactive toolkit to support advocacy efforts amongst community groups and civil society organisations to help countries “get on track”.

Who is this Toolkit for?

Civil society organisations working in the field of viral hepatitis

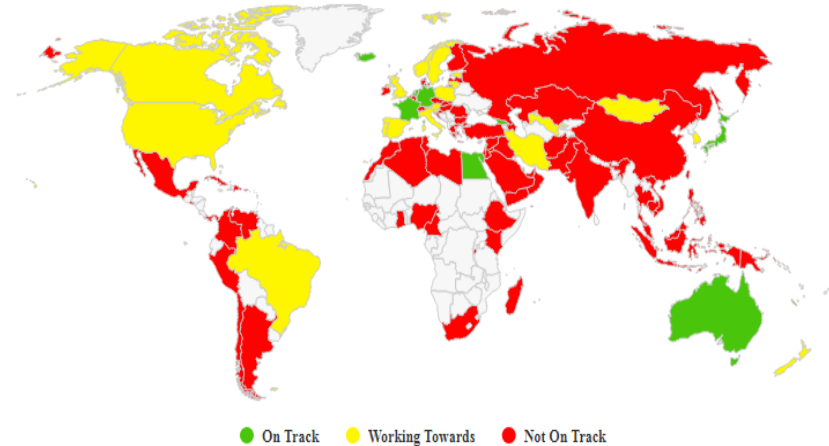

What resources are included?

An interactive PDF that includes links to downloadable resources. Including case studies from supporters who have used NOhep to implement successful advocacy activities

When will it be launched?

The toolkit will be launched to coincide with the World Health Assembly in May 2018.

HCV Elimination Targets
2016

As well the guide, we will also launch an interactive map on the NOhep website showing updated country data from the [Polaris observatory website](#).

Spread the message

NOhep is a global community connected by a common message: Eliminate viral hepatitis by 2030

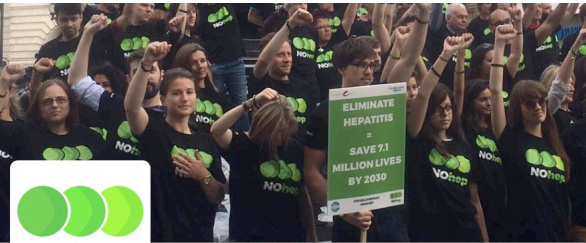

- Use NOhep's online resources and materials to spread the message
- Include the NOhep logo on your own materials and within your own campaigns – remember NOhep doesn't compete but strengthens
- Organise activities and events using the NOhep branding and merchandise to raise awareness
- Download the NOhep Advocacy Toolkit to find out more

Join the community

NOhep is a global community connected online using the #NOhep

- Join the NOhep movement @NOhep.org
- Stay connected online by using the #NOhep in all your social media posts
- Follow and tag us on Facebook and Twitter
- Use NOhep's posters, online resources and videos to share your message
- Share your updates and activities for our monthly newsletter
