

## September 30 Webinar on Hepatitis B Provider Knowledge and Screening Practices

Please join [Hep B United](http://hepbunited.org) on **Tuesday, September 30, 2014 from 3:00-4:00 PM EST** for a webinar on **Hepatitis B Provider Knowledge and Screening Practices** featuring speakers from the U.S. Department of Health and Human Services (HHS) Centers for Disease Control and Prevention and Hep B United partners.

Hepatitis B affects up to two million Americans – yet the disease is often overlooked and largely underdiagnosed. Additionally, studies have shown that knowledge about chronic viral hepatitis among health care providers is generally poor. Join us for this interactive session to learn more about health care provider knowledge and screening for hepatitis B. Speakers will discuss barriers, model programs, and opportunities toward improving provider knowledge and reducing hepatitis B health disparities in the Asian American and Pacific Islander and other at-risk communities.

**Date:**

Tuesday, September 30, 2014

**Time:**

3:00 PM - 4:00 PM EDT

**Register at:** <http://bit.ly/Wc53iW>
