# HEPATITIS AWARENESS MONTH ACTIVITIES & EVENTS

In the U.S. 2.2 million people are living with chronic hepatitis B and most do not know of their infection. Each May Hep B United works to improve awareness, testing, and vaccination for hepatitis B and raise the profile of hepatitis B as an urgent public health priority. We highlight our partners around the country and celebrate their accomplishments and work! This document describes events held around the country by Hep B United Partners - join us this May!
